

Magnolia STATE BANK

Thanks to all our friends, 2012 has been Magnolia State Banks' best year since we first opened for business in 1975. In 2012 alone, MSB originated over 100 million dollars in mortgage loans.

We were selected for the third time by the Mississippi Business Journal as "One of the Best Places to Work in MS." Also, we continue to receive a Five Star rating from Bauer Financial, the highest rating in safety, soundness, and overall performance. Total assets are almost 300 million!

Now we know that a lot of bigger banks have bigger numbers, but it is not all about numbers. You know us and know where to find us. That's why you expect us to be the best bank. Our customers are our friends and our locations are our home towns. We have offices throughout the state of Mississippi: Bay Spring, Heidelberg, Taylorsville, Laurel, Petal, Hattiesburg and Flowood; with mortgage operations in Lucedale and Greenwood.

We are very proud of our accomplishments and very proud to say, "We are a Mississippi born company, built on Mississippi values."

We can look you in the eye and with a firm handshake and say, "Things are good here, you'll like doing business with us."

Thomas E. Brown
